Is Your Current Key Cutting Machine Obsolete?

Then it's Time to Upgrade to the New Ninja Laser Key Cutting Machine From

Today's late model keys require cuts to be made by code in order to work. The Ninja Laser Cutting Machine incorporates the latest key cutting technology and can handle most all of your needs. Several hundred key blank styles are available, including metal and plastic head keys, OEM keys and transponder keys.

Key Features Include:

- Cuts single-edge cut, double-edge cut, tibbe, VATS and high-security automotive keys
- Cuts by code, de-code (duplicate) and depth
- Includes 7" color touch screen console
- Console has complete automotive database
 - simply search cut by vehicle make, model and year
- Uses jaw adapters for different vehicle makes and models
- Uses cutter and tracer to perform cuts
- 2-year factory warranty
