HUNTER Engineering Company

**Regardless of Your Needs - We Have a Tire
Changer Solution for Most Any Budget!**

Hunter Revolution™ Tire Changer
Fully-automatic capability makes the Revolution the easiest to use and most award-winning tire machine in the industry.

Maverick® Tire Changer
The Maverick® technician-focused tire changing machine provides fully variable hydraulic control that allow a safe and easy tire changing process.

Center-Clamp Tire Changers
The Auto34R™, TC39 and TC37 tire changer family features simple damage-free clamping and mount/demount systems. Center-Clamp tire changers offer adjustable height mounting for easy technician use.

Table-Top Tire Changers
Hunter's table-top tire changers are the most powerful you can buy. Find the perfect TCX tire changer model for your business using our comparisons.
