HUNTER Engineering Company

Wheel alignment and all static ADAS calibrations done in the same bay, with the same equipment

CALL TO SCHEDULE A DEMO TODAY AT 800-989-7891!

Hunter Ultimate ADAS®
Fast & Accurate. Only system that's OE Approved with targets and documentation

Quickly pay for your ADAS investment with alignments alone

See How:

Ultimate ADAS® at-a-glance

- Alignment and static ADAS calibrations done in the same bay, same equipment
- Mobile design allows movement to other working locations
- Spot-on, laser-guided target placement eliminates manual efforts
- Setback and center thrust line –right & accurate the first time!
- Error-proof monitoring of steps and position confirmation keep technicians on track
- Full document report records confirmed placements and procedures in printed and digital formats
- Full, around the vehicle target placements for static procedures
